Payment & Service Continuity Terms

The quoted production work was initiated after the commercial terms were presented and agreed to by the buying party. The outstanding balance of **Rs. 4,000** must be received by **08 August 2026**.

If payment is further delayed beyond the stated deadline, CampusHub reserves the right to suspend or take down the hosted websites, platform access and project resources until all applicable dues are cleared. Any resulting downtime or loss of service during such suspension will not be considered the responsibility of CampusHub or its project team. Continued hosting, renewal, reactivation or additional resource allocation may be charged separately.
